Our business in Albuqueroue has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, us never he been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guerantee. Mail Orders solicited and satisfaction assured.

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Witson and get all the heat you are paying for.
